GOVERNMENT OF ANDHRA PRADESH
ABSTRACT

Mission Haritha Andhra Pradesh- Vanam-Manam Programme - Implementation Guidelines - issued

---

ENVIRIONMENT, FORESTS, SCIENCE & TECHNOLOGY (Section-II) DEPARTMENT

G.O.RT.No. 70 **Dated: 24-05-2018**

ORDER:

1. About 26 per cent of the total geographical area of Andhra Pradesh State has tree cover, of which forests are spread over in an area of 36,915 square kilometers which makes it 23 per cent of the total geographical area, and the tree-cover outside the forests is about 4,243 square km, which is around 3 per cent of the total geographic area.

2. In this background, the Government, after a critical review of all aspects of the matter, has launched Mission Haritha Andhra Pradesh (MHAP) during 2016 with a goal to achieve tree cover of 50 per cent of the total geographical area of the State by bringing an additional 40 lakh hectares of land under tree cover by 2029. This would entail bringing about 4 lakh hectares of land under tree cover every year, apart from improving the quality of tree cover in the degraded forest areas through density improvement using appropriate species.

3. Continuing the efforts to translate this goal into concrete reality, the Government has decided to implement Vanam-Manam programme. The Vanam-Manam programme has two components viz. “Vanamahotsava”, a tree plantation programme and “Prakruthi Pilusthondi”, a programme for creating awareness and ensuring participation of various stakeholders. Every year the Vanam-Manam programme will commence during the month of June/July with the launch of Vana-Mahotsavam coinciding with the onset of monsoon. The programme would culminate with "Karthika Vanasamaraadhana" in the month of November.

4. Hon’ble Chief Minister of Andhra Pradesh will launch “Vana-Mahotsavam” and initiate the implementation of Programme. The Hon’ble Minister in-charge of the District along with other Hon’ble Ministers, and People’s representatives will launch the Programme in all the Districts on the same day with the active involvement of all citizens of the area. Similar launch will be done in every Constituency, Mandal, Village, ULB, and every institution in the State - both public and private - every school, college, university, Industry, religious institutions, etc., on the same day.

5. All the vacant Government lands, Endowment lands, Railway lands, Housing Colonies, Homesteads, Roads, Canals, Degraded Forest lands, Schools, Colleges, Universities, Hostels, Lands surrounding Industries and SEZs, Bunds of Farm lands etc., will be planted in every Mandal depending on the availability of plantation area, using appropriate plant species.

People’s Participation – Prakriti Pilusthondi

6. The goals of Mission Haritha Andhra Pradesh to be implemented through Vanam-Manam programme would be realized only through citizen participation. Each and every citizen of Andhra Pradesh across the social, economic, demographic, geographic, gender, and political spectrum ought to become partners in this programme that would benefit not only the State but also the nation and the entire world through eco-regeneration. The Vanam-Manam Programme is a truly Glocal (Local Action for local and global benefit) initiative. Apart from its impact on environment and climate change, the programme is an effort to strengthen the bond between the nature and people. Therefore, effective and sustained mobilization of all citizens through massive public information campaign is critical not only for the initial launch function but for sustaining the momentum throughout the year and beyond.

7. The activities that would be taken up with immediate effect and sustained after launch of the Mission would include widespread dissemination of information to the citizens through print and electronic media, FM Radio, Film theatres, town-hall and street level meetings. To create awareness amongst school and college students and to secure their proactive participation, essay writing, painting, quiz, and elocution competitions shall be organized. In addition, Green Run,

Cycle Rallies and Eco walks on different days shall be organized. Likewise, lectures and panel discussions shall be organized on climate change concerns, environment and biodiversity conservation issues. Screening films and documentaries on forests and wildlife conservation in various schools, colleges, universities and theatres could be integral part of the campaign.

8. The Headmasters of Schools, Principals of Colleges and Vice-chancellors of Universities, Persons in charge of the Residential schools and Hostels shall ensure cent per cent participation of teachers / faculty and students in promotion of awareness regarding the Mission / Programme and its impact on environment / climate change and ensure proactive participation in plantation and protection of the planted saplings.

9. The participation of religious and social leaders and civil society institutions, community institutions, self-help groups must be secured in spreading awareness, disseminating information on the Mission / Programme.

10. A Facebook page and Twitter handle (Vanam-Manam) have been launched. The same should be used on the Social media for canvassing the Mission / Programme and to provide an opportunity to all citizens to post their views, suggestions, value-added inputs, pictures and videos of plantation programme. Inspirational slogans, songs, video-clippings on relevant themes should be posted in the social media.

Programme Implementation

11. The Government directs that Micro-level Plantation Plans should be prepared for each and every village/ ULB covering vacant lands, institutions, industries, roads, canal bunds, degraded forest areas, homesteads. The Forest department will act as nodal agency for the implementation of the programme. The Departments of Forest and Horticulture shall ensure production and delivery of appropriate plant material as decided by the District Collector. The Plan should include measures for plantation, protection, watering and maintenance of the plants for not less than four to five years. Only species appropriate to the area should be chosen for plantation. Planting shall be done only after adequate preparation, duly ensuring all essential safeguards for security and maintenance of plants.

12. The programme shall be implemented as people's programme and government's role is to facilitate and support the people's initiative. Every plant must have a 'guardian' who shall take responsibility for protection, watering, application of manure, and proper nourishment to the plant. The Tree Guardian could be an individual or a group of individuals and may be responsible for one or more plants. In institutions, the head of the institution shall assign responsibility for the maintenance of plants to the staff / students of the institution.

13. All citizens of Andhra Pradesh shall be involved in the plantation programme implementation. Active participation of people's representatives, government officials, academicians, NGOs, School children, College students, members of DWCRA Groups, SHGs and VSSs, media representatives, proactive involvement of Industries and Corporate enterprises, Paper Mills, CII, FICCI, temples, churches, mosques and other faith based institutions, etc. shall be secured.

14. After the launch of the programme the plantation will continue throughout the rainy season and culminate with Karthikavana Mahotsavam in November. Thereafter all measures for protection and watering will continue along with preparatory activities for the succeeding plantation season. Care must be taken to ensure plants do not suffer physical damage / 'transport shock' during transit from nursery to the planting site.

15. After planting necessary care should be taken for survival of the plants. All the plants planted under Vanam-Manam should be Geo-tagged through mobile app developed for this purpose which is hosted in the APFMIS website by respective Departments.

Programme Coordination

16. The District Collector will coordinate and oversee the entire programme – encompassing planning, implementation, follow-up action, plant protection, and preparatory activities for plantation season and monitoring of the programme. District Vanam-Manam Programme

(DVMP) Committee already established under the Chairmanship of the District In-charge Minister, with the District Collector as the Member-Secretary will be further activated. The DVMP Committee will include the Ministers belonging to the District, all key officials of the District, people's representatives, media representatives, Industry representatives, Banks, educational institutions, ULB representatives, citizens with passion for environment, etc. The Committee will meet as frequently as possible to plan, coordinate and monitor the programme. The officials of Forest and Horticulture Department will assist and support the DVMP Committee.

17. One senior IFS Officer has been appointed to support the District Vanam-Manam Programme Committee in each district. All Nodal Officers are requested to take up intensive tour in the respective districts, review the plantation plan prepared, suitably revise and upgrade where needed, closely monitor the programme implementation and ensure compliance of the above instructions.

18. In addition, the District DVM Programme Committee will activate similar Committees at the Division, Mandal, Village, and ULB levels to ensure seamless planning, coordination and monitoring of Vanam-Manam Programme implementation. The head of the institution (offices, schools, hospitals, projects, public sector enterprises, etc.) will be responsible for implementation of the programme in the premises of the institution.

19. The District Collectors are hereby instructed to take immediate measures to ensure successful launch of Vana-Mahotsavam, every year and effective implementation of Vanam-Manm programme throughout the year. The Principal Chief Conservator of Forests (PCCF) and Commissioner, Horticulture are requested to instruct all field officials of the Department to provide proactive support for effective implementation of the programme. The Secretaries to Government and the Commissioner of Education and Welfare Departments are requested to issue instructions to all the institutions under their control. All Secretaries to Government and the Head of Departments (HODs) are requested to instruct the officials / autonomous institutions / public sector enterprises under their control to participate vigorously in successful launch and effective implementation of Vanam-Manam Programme under Mission Haritha Andhra Pradesh.
